

Participating Certification Verification Sponsors

The following is a list of the certification verification sponsors that participate in the National Student Clearinghouse, the professional certifications and licenses available for verification, and the associated fee.

ADOBE		
<i>Adobe Certified Expert</i>		
CERTIFICATION TYPE	DESCRIPTION	FEE
Acrobat 7.0 Professional Print Production	Product Expert - Acrobat 7.0 Professional Print Production	\$7.50
Acrobat 7.0 Professional with Adobe LiveCycle Designer	Product Expert - Acrobat 7.0 Professional with Adobe LiveCycle Designer	\$7.50
After Effects 6.0 Professional	Product Expert - After Effects 6.0 Professional	\$7.50
Creative Suite Master	Adobe Certified Expert who has passed all five exams in the Adobe Creative Suite product line	\$7.50
FrameMaker 7.0	Product Expert - FrameMaker 7.0	\$7.50
GoLive CS2	Product Expert - GoLive CS2	\$7.50
Illustrator CS2	Product Expert - Illustrator CS2	\$7.50
InDesign CS2	Product Expert - InDesign CS2	\$7.50
Live Motion 1.0	Product Expert - Live Motion 1.0	\$7.50
PageMaker 7.0	Product Expert - PageMaker 7.0	\$7.50
Photoshop CS2	Product Expert - Photoshop CS2	\$7.50
Premiere Pro	Product Expert - Premiere Pro	\$7.50
Print Specialist	Adobe Certified Expert who has passed three exams focusing in the area of Print Production	\$7.50
Video Specialist	Adobe Certified Expert who has passed three exams focusing in the area of video production	\$7.50
Web Specialist	Adobe Certified Expert who has passed three exams focusing in the area of Web design	\$7.50
<i>Adobe Certified Instructor</i>		
CERTIFICATION TYPE	DESCRIPTION	FEE
Acrobat 7.0 Professional	Product expert certified to deliver training for Acrobat 7.0 Professional	\$7.50
Acrobat Forms	Product expert certified to deliver training for Acrobat Forms	\$7.50
Acrobat Professional 6.0	Product expert certified to deliver training for Acrobat Professional 6.0	\$7.50
After Effects 6.0 Professional	Product expert certified to deliver training for After Effects 6.0 Professional	\$7.50
Creative Suite Master	Certified Instructor with the Creative Suite Master Designation	\$7.50
FrameMaker 7.0	Product expert certified to deliver training for FrameMaker 7.0	\$7.50
GoLive CS2	Product expert certified to deliver training for GoLive CS2	\$7.50
Illustrator CS2	Product expert certified to deliver training for Illustrator CS2	\$7.50
InDesign CS2	Product expert certified to deliver training for InDesign CS2	\$7.50
LiveMotion 1.0	Product expert certified to deliver training for LiveMotion 1.0	\$7.50
PageMaker 7.0	Product expert certified to deliver training for PageMaker 7.0	\$7.50
Photoshop CS2	Product expert certified to deliver training for Photoshop CS2	\$7.50
Premiere Pro	Product expert certified to deliver training for Premiere Pro	\$7.50
Print Specialist	Certified Instructor with the Print Specialist Designation	\$7.50
Video Specialist	Certified Instructor with the Print Video Designation	\$7.50
Web Specialist	Certified Instructor with the Print Web Designation	\$7.50

APPLE		
CERTIFICATION TYPE	DESCRIPTION	FEE
Apple Certified Media Administrator	The Apple Certified Media Administrator certification verifies an ability to install and configure systems, architect and maintain networks, customize and troubleshoot services, and integrate Final Cut Studio, Final Cut Server, and other Mac OS X technologies within an Xsan installation of any size. Learn more: http://training.apple.com/certification/xsan	\$7.50
Apple Certified Media Administrator	The Apple Certified Media Administrator certification verifies an ability to install and configure systems, architect and maintain networks, customize and troubleshoot services, and integrate Final Cut Studio, Final Cut Server, and other Mac OS X technologies within an Xsan installation of any size. Learn more: http://training.apple.com/certification/xsan	\$7.50
Apple Certified Support Professional 10.5	ACSP verifies an understanding of Mac OS X core functionality and an ability to configure key services, perform basic troubleshooting, and assist end users with essential Mac OS X capabilities. This certification addresses the technical skills needed by a Mac OS X specialist who works as a support professional or otherwise assists Mac OS X users with technical issues. Learn more: http://training.apple.com/certification/acsp	\$7.50
Apple Certified Technical Coordinator 10.5	ACTC certification verifies a foundation in Mac OS X and Mac OS X Server core functionality and an ability to configure key services and perform basic troubleshooting of the essential Mac OS X and Mac OS X Server capabilities. The required exams are based on Mac OS X and Mac OS X Server v10.5. Learn more: http://training.apple.com/certification/actc	\$7.50
Apple Certified System Administrator 10.5	Apple Certified System Administrator (ACSA) 10.5 certification verifies an in-depth knowledge of Apple technical architecture and an ability to install and configure machines; architect and maintain networks; enable, customize, tune, and troubleshoot a wide range of services; and integrate Mac OS X, Mac OS X Server, and other Apple technologies within a multi-platform networked environment. Learn more: http://training.apple.com/certification/acsa	\$7.50
Xsan 2 Administrator	Xsan Administrator certification verifies an in-depth knowledge of Apple's SAN file system for Mac OS X. An Xsan Administrator is responsible for the life cycle of Xsan, including installation, deployment, infrastructure. Learn more: http://training.apple.com/certification/xsan	\$7.50
Apple Certified Associate - iLife 08	The iLife Apple Certified Associate certification validates essential entry level skills in Apple's iLife suite of digital authoring tools that comes with every Mac: iPhoto, iMovie, GarageBand, iDVD, and iWeb. Learn more: http://training.apple.com/certification/associate	\$7.50
Apple Certified Associate - iWork 08	The iWork Apple Certified Associate certification validates essential entry level skills in Apple's iWork suite of productivity tools that includes Pages for producing professional looking documents, Numbers for creating spreadsheets, tables and charts, and Keynote for developing high-quality presentations. Learn more: http://training.apple.com/certification/associate	\$7.50
Apple Certified Trainer - Aperture 2 Level One	The Apple Certified Trainer program certifies industry professionals to deliver the Apple curriculum. The Apple Certified Trainer (ACT) for Aperture certification qualifies individuals to deliver the Aperture courses for Apple Authorized Training Centers. ACT program info is at: http://training.apple.com/act/ and Aperture Train-the-trainer course info is at: http://training.apple.com/pro/aperture-t3	\$7.50
Apple Certified Technical Coordinator 10.4	ACTC 10.4 certification verifies a foundation in Mac OS X and Mac OS X Server core functionality and an ability to configure key services and perform basic troubleshooting of the essential Mac OS X and Mac OS X Server capabilities. The required exams are based on Mac OS X and Mac OS X Server v10.4. Learn more: http://training.apple.com/certification/actc	\$7.50
Apple Certified Pro - Motion 3 Level One	Apple Certified Pro Level One certification attests to essential operational knowledge of the chosen professional application, in this case: Motion. For more information about Pro Apps certification, visit: http://training.apple.com/certification/proapps	\$7.50

Participating Certification Verification Sponsors

Apple Certified Trainer - Final Cut Studio Motion Graphics Level One	The Apple Certified Trainer program certifies industry professionals to deliver the Apple curriculum. The Apple Certified Trainer (ACT) for FCS Motion Graphics certification qualifies individuals to deliver the FCS Motion Graphics course for Apple Authorized Training Centers. ACT program info is at: http://training.apple.com/act/ and Final Cut Pro Train-the-trainer course info is at: http://training.apple.com/pro/fcp-t3	\$7.50
Apple Certified Trainer - Final Cut Server	The Apple Certified Trainer program certifies industry professionals to deliver the Apple curriculum. The Apple Certified Trainer (ACT) for Final Cut Server certification qualifies individuals to deliver the Final Cut Server courses for Apple Authorized Training Centers. ACT program info is at: http://training.apple.com/act/ and Final Cut Server Train-the-trainer course info is at: http://training.apple.com/pro/fcsvr-t3	\$7.50
Apple Certified Trainer - iLife 08	The Apple Certified Trainer program certifies industry professionals to deliver the Apple curriculum. The Apple Certified Trainer (ACT) for iLife certification qualifies individuals to deliver the iLife courses for Apple Authorized Training Centers. ACT program info is at: http://training.apple.com/act/	\$7.50
Apple Certified Trainer - iWork 08	The Apple Certified Trainer program certifies industry professionals to deliver the Apple curriculum. The Apple Certified Trainer (ACT) for iWork certification qualifies individuals to deliver the iWork course for Apple Authorized Training Centers. ACT program info is at: http://training.apple.com/act/	\$7.50
Apple Certified Trainer - Xsan	The Apple Certified Trainer program certifies industry professionals to deliver the Apple curriculum. The Apple Certified Trainer (ACT) for Xsan certification qualifies individuals to deliver the Xsan Administration course for Apple Authorized Training Centers. ACT program info is at: http://training.apple.com/act/ and Xsan Admin course info is at: http://training.apple.com/itpro/xsan301	\$7.50
Final Cut Studio Master Trainer	Final Cut Studio Master Trainer certification recognizes an Apple Certified Trainer's knowledge of and ability to deliver training on the entire Final Cut Studio product suite. Since workflow is such a significant component of Final Cut Studio, the curriculum requires trainer certification in multiple applications. For more information about Master Trainer certification, visit: http://training.apple.com/certification/proapps	\$7.50
Apple Certified Trainer - Mac OS X Support Essentials 10.5	The Apple Certified Trainer program certifies industry professionals to deliver the Apple curriculum. The Apple Certified Trainer (ACT) for Mac OS X Support Essentials certification qualifies individuals to deliver the Mac OS X Support Essentials course for Apple Authorized Training Centers. ACT program info is at: http://training.apple.com/act/	\$7.50
Apple Certified Trainer - Mac OS X Advanced System Administration 10.5	The Apple Certified Trainer program certifies industry professionals to deliver the Apple curriculum. The Apple Certified Trainer (ACT) for Mac OS X Advanced System Administration certification qualifies individuals to deliver the Mac OS X Advanced System Administration course for Apple Authorized Training Centers. ACT program info is at: http://training.apple.com/act/	\$7.50
Apple Certified Trainer - Mac OS X Deployment 10.5	The Apple Certified Trainer program certifies industry professionals to deliver the Apple curriculum. The Apple Certified Trainer (ACT) for Mac OS X Deployment certification qualifies individuals to deliver the Mac OS X Deployment course for Apple Authorized Training Centers. ACT program info is at: http://training.apple.com/act/	\$7.50
Apple Certified Trainer - Mac OS X Directory Services 10.5	The Apple Certified Trainer program certifies industry professionals to deliver the Apple curriculum. The Apple Certified Trainer (ACT) for Mac OS X Directory Services certification qualifies individuals to deliver the Mac OS X Directory Services course for Apple Authorized Training Centers. ACT program info is at: http://training.apple.com/act/	\$7.50
Apple Certified Trainer - Mac OS X Server Essentials 10.5	The Apple Certified Trainer program certifies industry professionals to deliver the Apple curriculum. The Apple Certified Trainer (ACT) for Mac OS X Server Essentials certification qualifies individuals to deliver the Mac OS X Server Essentials course for Apple Authorized Training Centers. ACT program info is at: http://training.apple.com/act/	\$7.50
Apple Certified Pro - Aperture 2 Level One	Apple Certified Pro Level One certification attests to essential operational knowledge of the chosen professional application, in this case: Aperture. For more information about Pro Apps certification, visit: http://training.apple.com/certification/proapps	\$7.50

CCIE Certification - Service Provider	Certifies expert-level knowledge and skill for building an extensible Service Provider infrastructure to deliver rich managed services.	\$7.50
CCIE Certification - Storage Networking	Certifies expert-level knowledge of intelligent storage solutions using multiple transport options over long distances.	\$7.50
CCIE Certification - Voice	Certifies expert-level knowledge of voice-over-IP solutions in the enterprise.	\$7.50
CCIP (Cisco Certified Internetwork Professional)	The CCIP (Cisco Certified Internetwork Professional) provides individuals working in service provider organizations with competencies in infrastructure IP networking solutions. CCIP professionals have detailed understanding of networking technologies in the service provider arena including IP routing, IP QoS, BGP, and MPLS.	\$7.50
CCNA	The Cisco CCNA network associate certification validates the ability to install, configure, operate, and troubleshoot medium-size routed and switched networks, including implementation and verification of connections to remote sites in a WAN. This new curriculum includes basic mitigation of security threats, introduction to wireless networking concepts and terminology, and performance-based skills. This new curriculum also includes (but is not limited to) the use of these protocols: IP, Enhanced Interior Gateway Routing Protocol (EIGRP), Serial Line Interface Protocol Frame Relay, Routing Information Protocol Version 2 (RIPv2), VLANs, Ethernet, access control lists (ACLs)	\$7.50
CCNP	CCNP certification validates a network professional's ability to install, configure and troubleshoot converged local and wide area networks with 100 to 500 or more nodes. Network Professionals who achieve the CCNP have demonstrated the knowledge and skills required to manage the routers and switches that form the network core, as well as edge applications that integrate voice, wireless, and security into the network.	\$7.50

Participating Certification Verification Sponsors

CISCO		
CERTIFICATION TYPE	DESCRIPTION	FEE
CCSP	The CCSP certification (Cisco Certified Security Professional) validates advanced knowledge and skills required to secure Cisco networks. With a CCSP, a network professional demonstrates the skills required to secure and manage network infrastructures to protect productivity and reduce costs. The CCSP curriculum emphasizes secure VPN management, Cisco Adaptive Security Device Manager (ASDM), PIX firewall, Adaptive Security Appliance (ASA), Intrusion Prevention Systems (IPS), Cisco Security Agent (CSA), and techniques to combine these technologies in a single, integrated network security solution.	\$7.50
CCVP	The CCVP certification recognizes the increased importance placed on IT professionals of today who are responsible for integrating voice technology into underlying network architectures. Individuals who earn a CCVP certification can help create a telephony solution that is transparent, scalable, and manageable. Earning a CCVP certification validates a robust set of skills in implementing, operating, configuring, and troubleshooting a converged IP network. The certification content focuses on Cisco Systems CallManager, quality of service (QoS), gateways, gatekeepers, IP phones, voice applications, and utilities on Cisco routers and Cisco Catalyst switches.	\$7.50
Cisco Advanced IP Communications Sales Specialist	The Cisco Advanced IP Communications Sales Specialist demonstrates a strong understanding of Cisco IP communications solutions. With an emphasis on voice solutions for the enterprise, individuals who achieve this certification have the knowledge and skills necessary to effectively assess, recommend, and guide implementation of IP Communications solutions tailored to address specific customer needs.	\$7.50
Cisco Advanced Wireless Design Specialist	The Cisco Advanced Wireless LAN Design Specialist will demonstrate the ability to successfully design solutions using the advanced feature set of Cisco wireless products and based on a validated understanding of radio frequency and antenna theory, 802.11a/b/g standards, site survey and configuration of controllers and APs. Solutions include voice over WLAN, outdoor mesh and secure wireless.	\$7.50
Cisco Advanced Wireless Field Specialist	The Cisco Advanced Wireless LAN Field Specialist will demonstrate the ability to successfully install, configure and support solutions using the advanced feature set of Cisco wireless products and based on a validated understanding of radio frequency and antenna theory, 802.11a/b/g standards and support of controllers and APs.	\$7.50
Cisco Advanced Wireless LAN Sales Specialist	Designed exclusively for Cisco Channel Partners, the Advanced Wireless LAN Sales Specialist has demonstrated a strong understanding of wireless LAN features and benefits and the ability to assess customer needs, effectively position and sell Cisco wireless solutions and services.	\$7.50
Cisco Data Center Networking Infrastructure Design Specialist	The Cisco Data Center Networking Infrastructure Design Specialist certification, validates an individual's knowledge of selecting and integrating Cisco Data Center products to design a highly scalable, efficient, and high performing Data Center networking solution based on Cisco Data Center Architecture. Cisco Data Center Networking Infrastructure Design Specialist Professionals understand how to utilize and employ the features and benefits of the Cisco Catalyst 6500 Series Switches, Cisco 4948 Switches, and Cisco Catalyst Blade Switches to create a converged, optimized Data Center network design.	\$7.50
Cisco Data Center Networking Infrastructure Support Specialist	The Cisco Data Center Networking Infrastructure Support Specialist validates an individual's knowledge of installing, configuring, and troubleshooting Cisco Data Center products to maintain a highly scalable, efficient, high performing Data Center Networking environment. Cisco Data Center Networking Infrastructure Support Specialist professionals understand how to deploy and optimize the features and benefits of the Cisco Catalyst 6500 Series Switches, Cisco 4948 Switches, and Cisco Catalyst Blade Switches to provide fast and accurate resolution to network installation and customer service issues.	\$7.50

CISCO		
CERTIFICATION TYPE	DESCRIPTION	FEE
Cisco Data Center Networking Sales Specialist	The Cisco Data Center Networking Sales Specialists demonstrate an overall understanding of Data Center networking architecture, and the features and benefits of the Cisco Catalyst 6500 Series Switches, Cisco 4948 Switches, and Cisco Catalyst Blade Switch families. Cisco Data Center Networking Sales Specialist professionals understand how the Cisco Catalyst and Blade Switch families of products are used in a Data Center Network environment and can identify the most effective Cisco Catalyst or Blade Switch family product(s) to address specific customer requirements.	\$7.50
Cisco Data Center Storage Networking Design Specialist	The Cisco Data Center Storage Networking Design Specialist validates an individual's knowledge of selecting and integrating Cisco storage products to design a highly scalable, efficient, high performing storage networking solution based on converged architecture. Cisco Data Center Storage Networking Design Specialist professionals understand how to utilize and employ the features and benefits of the Cisco MDS 9000 Series Multilayer Directors and Switches, Cisco MDS 9509 Director Switch, Cisco 9216 Fabric Switch, and Cisco MDS 9120 products to create a high availability storage network design.	\$7.50
Cisco Data Center Storage Networking Sales Specialist	The Cisco Data Center Storage Networking Sales Specialists demonstrate an overall understanding of storage networking architecture, and the features and benefits of the MDS 9000 product family. Cisco Data Center Storage Networking Sales Specialist professionals understand how the MDS 9000 products is used in a SAN environment and can identify the most effective MDS 9000 family product(s) to address specific customer requirements.	\$7.50
Cisco Data Center Storage Networking Support Specialist	The Cisco Data Center Storage Networking Support Specialist validates an individual's knowledge of installing, configuring, and troubleshooting Cisco storage products to maintain a highly scalable, efficient, high performing storage networking environment. Cisco Data Center Storage Networking Support Specialist professionals understand how to deploy and optimize the features and benefits of the Cisco MDS 9000 Series Multilayer Directors and Switches, Cisco MDS 9509 Director Switch, Cisco 9216 Fabric Switch, and Cisco MDS 9120 products to provide fast and accurate resolution to network installation and customer service issues.	\$7.50
Cisco Express Foundation Design Specialist	Designed exclusively for Channel Partners, the Cisco Express Foundation Design Specialist develops network planning and design skills for customers that would typically be required of a pre-sales or system engineer. The Design Specialist demonstrates fundamental understanding of the IP networks, routing and switching concepts, and the basic steps required to incorporate wireless and security technologies in the IP Network. The Cisco Express Foundation Design Specialist can effectively assess customer needs, as well as design and sell converged network solutions. This includes application of Cisco-verified best practices for these tasks and use of the various job aids and tools provided to facilitate successful network design and future growth potential.	\$7.50
Cisco Express Foundation Field Specialist	Designed exclusively for Channel Partners, the Cisco Express Foundation Field Specialist develops network implementation and operational skills for customers that would typically be required of a post sales or field engineer. The Field Specialist demonstrates fundamental understanding of the IP networks, routing and switching concepts, and the basic steps required to incorporate wireless and security technologies in the IP Network. The Cisco Express Foundation Field Specialist has demonstrated the skills and knowledge necessary to effectively install, configure, operate and support converged IP networks. This includes application of Cisco-verified best practices for these tasks and use of the various job aids and tools provided to facilitate successful network operations and ongoing optimization.	\$7.50

CISCO		
CERTIFICATION TYPE	DESCRIPTION	FEE
Cisco Express Foundation Sales Specialist	Designed exclusively for Channel Partners, the Cisco Express Foundation Sales Specialist develops network preparation and planning skills for customer sales that would typically be required of an account manager. The Sales Specialist demonstrates a fundamental understanding of the value of IP networks for business and network architectures featuring Cisco routing and switching offerings, and the basic steps required to incorporate wireless and security technologies into the IP Network. The Cisco Express Foundation Sales Specialist has demonstrated the skills and knowledge needed to sell converged IP network solutions. This includes application of Cisco-verified best practices for these tasks and use of the various job aids and tools provided to facilitate successful network sales and ongoing account growth.	\$7.50
Cisco Firewall Specialist	Cisco security certifications focus on the growing need for knowledgeable network professionals who can implement complete security solutions. Cisco Firewall Specialists focus on securing network access using Cisco IOS Software and Cisco PIX and Adaptive Security Appliance (ASA) Firewall Technologies.	\$7.50
Cisco Information Security Specialist	Cisco Information Security Specialists focus on performing the basic tasks necessary to secure networks using the apprentice knowledge of networking gained by Cisco Certified Network Associate (CCNA) certification and the skills learned in Securing Cisco Network Devices (SND). The Information Security Specialist is awarded when the candidate achieves CCNA certification and passes the SND Exam. Upon successful completion of the specialization certification, candidates will receive a letter indicating that they meet the CNSS 4011 training standard.	\$7.50
Cisco IOS Security Specialist	The Cisco IOS Security Specialist demonstrates the hands-on knowledge and skills required to secure networks using Cisco IOS Security features such as IOS Network Foundation Protections (NFP), IOS One-Step Lockdown, IOS Classic and Zone-Based Firewalls, IOS IPSec and SSL VPNs and IOS IPS. Having both IOS Command Line Interface (CLI) and Router and Security Device Manager (SDM) configuration skills are required.	\$7.50
Cisco IP Communications Express Sales Specialist	Designed for Channel partners, individuals who achieve the Cisco IP Communications Express Sales Specialist demonstrate a fundamental understanding of Cisco IP communications solutions, and have demonstrated the knowledge and skills necessary to assess, recommend, and guide the implementation of a basic IP Communications solution.	\$7.50
Cisco IP Communications Express Specialist	The Cisco IP Communications Express Specialist certification validates the fundamental Voice over IP (VoIP) technology skills required to install and maintain multi-service network solutions. Cisco Call Manager Express (CCME), and Cisco Unity Express (CUE) are emphasized in this foundational IP Communications program.	\$7.50
Cisco IP Contact Center Express Specialist	The Cisco IP Contact Center (IPCC) Express Specialist certification validates the comprehensive set of skills and knowledge required to plan, design, implement, and operate the Cisco Unified Contact Center Express (Formerly the Cisco IPCC Express Edition).	\$7.50
Cisco IP Telephony Design Specialist	The Cisco IP Telephony Design Specialist certification was developed for those who design IP Telephony multi-service network solutions. Cisco IP Telephony Design Specialists can design a scalable, converged network using QoS, Cisco Call Manager clustering, H.323, MGCP, or SIP signaling protocols, and assess the scope of work required to integrate legacy TDM PBXs and voice mail systems into an existing data network.	\$7.50
Cisco IPCC Express for AMs	(Exam #SEO-88) Exam is only assessment available and is based on same study content as previous exam (SEO-302). Former exam retired but results still accepted.	\$7.50
Cisco IPS Specialist	Cisco security certifications focus on the growing need for knowledgeable network professionals who can implement complete security solutions. Cisco IPS Specialist can operate and monitor Cisco IOS Software and Intrusion Prevention Systems (IPS) technologies to prevent, understand, and respond to intrusion attempts.	\$7.50

Participating Certification Verification Sponsors

CISCO		
CERTIFICATION TYPE	DESCRIPTION	FEE
Cisco Network Admission Control Specialist	The Cisco Network Admission Control Specialist demonstrates the hands-on skills necessary to install, configure and operate the Cisco NAC Appliance. By applying their knowledge of the Cisco NAC solution, the Cisco Network Admission Control Specialist demonstrates the skills and knowledge needed to effectively identify, isolate and clean infected or vulnerable devices that attempt to access the network.	\$7.50
Cisco Rich Media Communications Specialist	The Cisco Rich Media Communications Specialist certification validates an IT professional's ability to successfully design, implement, and support integrated voice, video, and web collaboration in a converged network.	\$7.50
Cisco Routing and Switching Field Specialist	Designed for Cisco Channel Partners and Resellers, the Cisco Routing and Switching Field Specialist will demonstrate the skills and knowledge required to successfully install, configure, monitor, and support the advanced capabilities of Cisco routing and switching solutions. Individuals who achieve this certification have demonstrated specific expertise in Border Gateway Protocol (BGP), Multi-Protocol Label Switching (MPLS), Quality of Service (QoS), High Availability (HA), WAN optimization, and IP version 6 (IPv6).	\$7.50
Cisco Routing and Switching Sales Specialist	Designed exclusively for Cisco Channel Partners, the Cisco Routing and Switching Sales Specialist has demonstrated a strong understanding of routing and switching concepts including the function of advanced features necessary to effectively position and sell end-to-end Cisco network solutions and wide area application services.	\$7.50
Cisco Routing and Switching Solutions Specialist	Designed for Cisco Channel Partners and Resellers, the Cisco Routing and Switching Solutions Specialist will demonstrate the skills and knowledge required to identify the unique technical, business, and technological requirements of a given customer to	\$7.50
Cisco Sales Expert v3	(exam) The 646-203 CSE exam covers topics on AWID, Campus LAN, Wireless LAN, WAN, IP Telephony, Security and Virtual Private Networks, Network Management, Service and Support, Optical, Storage and Area Network, Content Networking, Video, and High Speed Network.	\$7.50
Cisco Security Sales Specialist	Designed exclusively for Channel Partners, the Security Sales Specialist demonstrates fundamental understanding of the Cisco Self Defending Network (SDN) Strategy. The Cisco Security Sales Specialist possesses the skills and knowledge necessary to assess customer needs and to effectively describe and sell components of the Cisco SDN to protect customer assets, increase productivity, and reduce costs.	\$7.50
Cisco Security Solutions and Design Specialist	Designed for Channel Partners, the Cisco Security Solutions and Design Specialist can assess customer needs, sell, and design Cisco Self Defending Networks that protect vital assets, reduce costs, and improve productivity. Cisco Security Solutions and Design Specialists understand the key components of the Cisco Self-Defending Network strategy, including Cisco Adaptive Security Appliance (ASA), Intrusion Prevention Systems (IPS), Network Admission Control (NAC) and Cisco Security Monitoring Analysis and Response System (CS MARS).	\$7.50
Cisco Unity Design Specialist	Building upon a strong foundational knowledge of Microsoft Exchange 2000 or 2003, the Cisco Unity Design Specialist can install, configure, operate, and maintain a Cisco Unity 4.0 system in both stand-alone voice mail and unified messaging environments, and possesses the knowledge and expertise necessary to create a variety of sustainable Cisco Unity design solutions tailored to specific customer requirements.	\$7.50
Cisco Unity Support Specialist	Building upon a strong foundational knowledge of Microsoft Exchange 2000 or 2003, the Cisco Unity Support Specialist can install, configure, operate, and maintain a Cisco Unity 4.0 system in both stand-alone voice mail and unified messaging environments.	\$7.50
Cisco VPN Specialist	Cisco security certifications focus on the growing need for knowledgeable network professionals who can implement complete security solutions. Cisco VPN Specialists can configure VPNs across shared public networks using Cisco IOS Software and Cisco VPN 3000 Series Concentrator technologies.	\$7.50

CITRIX		
CERTIFICATION TYPE	DESCRIPTION	FEE
Citrix Certified Administrator (CCA) for Citrix XenApp 5 for Windows Server 2008	The CCA for Citrix XenApp 5 for Windows Server 2008 certification is designed to certify breadth of knowledge across Citrix XenApp 5 end-to-end solutions focusing on Windows Server 2008.	\$7.50
Citrix Certified Administrator (CCA) for Citrix XenApp 5 for Windows Server 2003	This certification addresses Citrix Presentation Server 4.5 and XenApp 5.0 for Windows Server 2003.	\$7.50
Citrix Certified Administrator (CCA) for Citrix EdgeSight 4	The CCA for Citrix EdgeSight 4 certification is designed to certify breadth of knowledge across Citrix EdgeSight 4 end-to-end solutions.	\$7.50
Citrix Certified Administrator (CCA) for Citrix Password Manager 4	The CCA for Citrix Password Manager 4 certification is designed to certify breadth of knowledge across Citrix Password Manager 4 end-to-end solutions.	\$7.50
Citrix Certified Administrator (CCA) for Citrix XenApp 5 Platinum Edition	The CCA for Citrix XenApp 5 Platinum Edition certification is designed to certify breadth of knowledge across Citrix XenApp 5 Platinum end-to-end solutions.	\$7.50
Citrix Certified Advanced Administrator (CCAA) for Citrix XenApp 5 for Windows Server 2008	The CCAA for XenApp 5 for Windows Server 2008 certification builds upon the CCA certification by focusing on advanced and additional tasks in a Windows Server 2008 environment , such as monitoring, optimizing and troubleshooting.	\$7.50
Citrix Certified Administrator (CCA) for Citrix XenDesktop 3	The CCA for Citrix XenDesktop 3 certification is designed to certify breadth of knowledge across Citrix XenDesktop 3 end-to-end solutions.	\$7.50
Citrix Certified Administrator (CCA) for Citrix XenDesktop Enterprise Edition 2	The CCA for Citrix XenDesktop Enterprise Edition 2 certification is designed to certify breadth of knowledge across Citrix XenDesktop 2 end-to-end solutions.	\$7.50
Citrix Certified Administrator (CCA) for Citrix XenDesktop 2 Platinum Edition	The CCA for Citrix XenDesktop 2 Platinum Edition is designed to certify breadth of knowledge across Citrix XenDesktop 2 Platinum end-to-end solutions.	\$7.50
Citrix Certified Administrator (CCA) for Citrix XenDesktop 3 Platinum Edition	The CCA for Citrix XenDesktop 3 Platinum Edition certification is designed to certify breadth of knowledge across Citrix XenDesktop 3 Platinum end-to-end solutions.	\$7.50
Citrix Certified Administrator (CCA) for Citrix XenServer Enterprise Edition 5	The CCA for Citrix XenServer 5 Enterprise Edition certification is designed to certify breadth of knowledge across Citrix XenServer 5 Enterprise end-to-end solutions.	\$7.50
Citrix Certified Administrator (CCA) for Citrix XenServer Enterprise Edition 4	The CCA for Citrix XenServer Enterprise Edition 4 certification is designed to certify breadth of knowledge across Citrix XenServer 4 end-to-end solutions.	\$7.50
Citrix Certified Administrator (CCA) for Citrix Provisioning Server 5	The CCA for Citrix Provisioning Server 5 certification is designed to certify breadth of knowledge across Citrix Provisioning Server 5 end-to-end solutions.	\$7.50
Citrix Certified Administrator (CCA) for Citrix Provisioning Server 4	The CCA for Citrix Provisioning Server 4 certification is designed to certify breadth of knowledge across Citrix Provisioning Server 4 end-to-end solutions.	\$7.50
Citrix Certified Administrator (CCA) for Citrix XenServer 5 Platinum Edition	The CCA for Citrix XenServer 5 Platinum Edition certification is designed to certify breadth of knowledge across Citrix XenServer 5 Platinum end-to-end solutions.	\$7.50
Citrix Certified Administrator (CCA) for Citrix XenServer 4 Platinum Edition	The CCA for Citrix XenServer 4 Platinum is designed to certify breadth of knowledge across Citrix XenServer 4 Platinum end-to-end solutions.	\$7.50
Citrix Certified Administrator (CCA) for Citrix NetScaler 9	The CCA for Citrix NetScaler 9 certification is designed to certify breadth of knowledge across Citrix NetScaler 9 end-to-end solutions.	\$7.50
Citrix Certified Administrator (CCA) for Citrix NetScaler 8	The CCA for Citrix NetScaler 8 certification is designed to certify breadth of knowledge across Citrix NetScaler 8 end-to-end solutions.	\$7.50
Citrix Certified Administrator (CCA) for Citrix Access Gateway 4	The CCA for Citrix Access Gateway 4 certification is designed to certify breadth of knowledge across Citrix Access Gateway 4 end-to-end solutions.	\$7.50
Citrix Certified Administrator (CCA) for Citrix Access Gateway 9 Enterprise Edition	The CCA for Citrix Access Gateway 9 Enterprise Edition certification is designed to certify breadth of knowledge across Citrix Access Gateway 9 Enterprise end-to-end solutions.	\$7.50

IHMM		
CERTIFICATION TYPE	DESCRIPTION	FEE
Certified Hazardous Materials Manager®	The CHMM® Credential is awarded to professional hazardous materials managers who have demonstrated their knowledge and skill through education, work experience, and passage of the rigorous CHMM examination. Pre-requisites include a baccalaureate degree (or higher) from an accredited institution, and a minimum of three years of relevant work experience. The written examination tests the candidate's knowledge of applicable scientific principles, laws and regulations, and hazardous materials management practices.	\$7.50
Certified Hazardous Materials Practitioner™	The CHMP™ Credential is awarded to hazardous materials practitioners who have demonstrated their knowledge and skill through work experience and passage of the rigorous CHMP examination. Pre-requisites include five years of relevant work experience or a combination of three years of relevant experience plus an AAS degree in a relevant field. The written examination tests the candidate's knowledge of applicable scientific principles, laws and regulations, and work practices.	\$7.50
Hazardous Materials Manager-in-Training™	The HMMT™ designation is awarded to recent college graduates who desire to enter the field of hazardous materials management. Candidates must have a baccalaureate degree (or higher) in a relevant major from an accredited institution, and pass a written examination which tests knowledge of applicable scientific principles. Upon completion of sufficient work experience, the HMMT qualifies to take a special version of the CHMM examination.	\$7.50

JUNIPER		
CERTIFICATION TYPE	DESCRIPTION	FEE
JNCIA-DX (Associate, DX)	Designed for experienced networking professionals with beginner-intermediate knowledge of the Juniper Networks DX Application Acceleration platform and its deployment.	\$7.50
JNCIA-E (Associate, E-series)	Designed for experienced networking professionals with beginner-intermediate knowledge of the Juniper Networks E-series platforms, this written exam verifies the candidate's basic understanding of Internet technology and related platform configuration and troubleshooting skills.	\$7.50
JNCIS-E (Specialist, E-series)	The JNCIS-E is designed for networking professionals with advanced knowledge of, and experience with, the Juniper Networks E-series platforms. The JNCIS-E exam tests for a wider and deeper level of knowledge than does the JNCIA-E exam.	\$7.50
JNCIP-E (Professional, E-series)	The JNCIP-E is a one-day practical exam designed to validate the candidate's ability to successfully build an ISP consisting of multiple E-series virtual routers. Candidates configure and troubleshoot routing scenarios utilizing various protocols and technologies on E-series platforms.	\$7.50
JNCIA-IDP (Associate, IDP)	Designed for experienced networking professionals with beginner-intermediate knowledge of the Juniper Networks IDP products and their deployment.	\$7.50
JNCIA-J (Associate, J-series)	Designed for experienced networking professionals with beginner-intermediate knowledge of the Juniper Networks J-series products and their deployment.	\$7.50
JNCIA-M (Associate, M/T-series)	Designed for experienced networking professionals with beginner to intermediate knowledge of the Juniper Networks M-series Routers, T-series Routing Platforms, and JUNOS Software, this written exam verifies the candidate's basic understanding of Internet technology and related platform configuration and troubleshooting skills.	\$7.50
JNCIS-M (Specialist, M/T-series)	The JNCIS-M is designed for networking professionals with advanced knowledge of, and experience with, the Juniper Networks M-series Routers, T-series Routing Platforms, and JUNOS Software. The JNCIS-M exam tests for a wider and deeper level of knowledge than does the JNCIA-M exam.	\$7.50
JNCIP-M (Professional, M/T-series)	The JNCIP-M is designed to validate the networking professionals' ability to configure and troubleshoot common routing scenarios. Throughout this 8-hour practical exam, candidates will build an ISP consisting of seven M-series routers and multiple EBGP neighbors. Successful candidates will perform system configuration on all seven routers, install an IGP, a well-designed IBGP, establish connections with all EBGP neighbors as specified, and correctly configure the required routing policies.	\$7.50
JNCIE-M (Expert, M/T-series)	The JNCIP-M is a one-day, 8 hour practical exam designed to validate the candidate's ability to successfully build an ISP network consisting of 10 M-series routers. Candidates are then presented with additional configuration tasks appropriate for an expert-level engineer.	\$7.50
JNCIA-FWV (Associate, FWV)	Designed for experienced networking professionals with beginner to intermediate knowledge of Juniper Firewall/VPN products and ScreenOS software, this written exam verifies the candidate's basic understanding of Internet and security technology and related device configuration.	\$7.50
JNCIS-FWV (Specialist, FWV)	The JNCIS-FWV is designed for networking professionals with advanced knowledge of, and experience with, Juniper Firewall/VPN products and ScreenOS software. The JNCIS-FWV exam tests for a wider and deeper level of knowledge than does the JNCIA-FWV exam.	\$7.50
JNCIA-SSL (Associate, SSL)	Designed for experienced networking professionals with beginner-intermediate knowledge of the Juniper Networks Netscreen Secure Access products and their deployment. JNCIA-SSL exam topics are based on the content of the Configuring Netscreen Secure Access instructor led training course.	\$7.50
JNCIA-WX (Associate, WX)	Designed for experienced networking professionals with beginner-intermediate knowledge of the Juniper Networks WAN Acceleration (WX) and WAN Acceleration Cache (WXC) platforms and their deployment.	\$7.50

CERTIFICATION TYPE	DESCRIPTION	FEE
CNI	Certified Novell Instructor (CNI) is the world's most renowned technical instructor certification. The CNI can choose their area of expertise--Linux, NetWare or both. The CNI teaches at authorized Novell Training Partner locations. A CNI has access to information on the latest Novell products as well as valuable classroom materials and resources.	\$7.50
Master CNE	Master Certified Novell Engineers (Master CNE) offer a higher level of support for their network environments. They are the multi-solution specialist of the network industry.	\$7.50
NAI	Novell Academic Instructors (NAI) teach certified training courses at authorized Novell Academic Training Partner (NATP) or Novell Technical Institute (NTI) locations. A NAI has access to information on the latest Novell products as well as valuable classroom materials and resources.	\$7.50
Novell CLE 10	The Novell Certified Linux Engineer 10 (CLE 10) takes Linux certification to an entirely new level. This certification builds upon the required foundation of the Novell CLP 10 and helps the candidate master advanced SUSE Linux Enterprise Server 10 administration skills.	\$7.50
Novell CLE 9	The Novell Certified Linux Engineer 9 (CLE 9) takes Linux certification to an entirely new level. This certification builds upon the required foundation of the Novell CLP 9 and helps the candidate master advanced SUSE Linux Enterprise Server 9 administration skills.	\$7.50
Novell CLE Level 1	The Novell Certified Linux Engineer, Level 1 (CLE) takes Linux certification to an entirely new level. This certification is based on the Novell Nterprise Linux Services (NNLS) product that runs on SUSE Linux Enterprise Server 8, and helps the candidate master the services provided by this product.	\$7.50
Novell CLP 10	The Novell Certified Linux Professional 10 (Novell CLP 10) is for people interested in being Linux administrators. Skills demonstrated by someone holding a Novell CLP 10 certification include: installing Linux servers into a network environment, managing users and groups, troubleshooting the SUSE Linux file system, managing and compiling the Linux kernel, and troubleshooting network processes and services--just to name a few.	\$7.50
Novell CLP 9	The Novell Certified Linux Professional (Novell CLP) is for people interested in being Linux administrators on SUSE Linux Enterprise Server 9. Skills demonstrated by someone holding a Novell CLP certification include: installing Linux servers into a network environment, managing users and groups, troubleshooting the SUSE Linux file system, managing and compiling the Linux kernel, and troubleshooting network processes and services--just to name a few.	\$7.50
